

# STRATEGY-AT-A-GLANCE

## SCOPE OF THE STRATEGY

All young people between the ages of 10 and 24 who interact with the criminal justice system

## OUTCOMES

### Long-term Outcome

Reduced frequency and severity of offending and victimization by and of young people.

### Immediate Outcome

Right response at the right time for the right young person.

## KEY INDICATORS

- Crime rate for young people
- Crime severity index for young people
- Repeat offending
- Repeat victimization
- Reoffending into adulthood

## PRINCIPLES

- Safety
- Trustworthiness and Transparency
- Empowerment, Voice and Choice
- Culture, Gender, and History

## STRATEGIC PILLARS

- Data and Evidence
- Partnerships

## FOCUS AREAS

### 1 EARLY IDENTIFICATION AND INTERVENTION

#### Outcomes:

- EPS and partners collaborating on identification of, and intervention planning for young people at risk
- Young people being diverted out of or away from the criminal justice system as appropriate, and much as possible
- Young people and families at risk being connected to resources and agencies

### 2 CONSISTENT SERVICE AND COORDINATED APPROACH

#### Outcomes:

- A consistent approach being used in all interactions with young people
- Young people still involved with the justice system at age 18 are supported in navigating into the adult system
- The EPS and its partners having shared accountability for the safety of young people

### 3 SPECTRUM OF RESPONSES

#### Outcomes:

- Members having skills and confidence in responding to and working with young people
- Members having knowledge of resources and programs for young people and families
- Harm to and by young people being reduced

### 4 CONTINUOUS LEARNING AND IMPROVEMENT

#### Outcomes:

- Understanding of risk factors impacting the safety of young people and use of them to identify individuals
- Young people being partners in the design and development of programming
- Programming for young people adapting to evidence and changing community needs
