Video Production Policy

Purpose:

To ensure all video content produced for the EPS adheres to high quality and content standards.

Statement of Principle:

All video content produced and distributed reflects the core values of the EPS and adheres to professional standards. Digital Media Unit will be informed of and approve all video productions prior to release internally or externally.

Policy Statement:

Digital Media Unit provides the majority of the video production services for the EPS, ensuring that all products meet quality, legal, and content standards.

The information identified in this Video Production Policy has been deemed information that is relevant to the wider EPS membership. Specific video production procedures and additional information can be obtained directly from Digital Media Unit.
