Employee and Organizational Wellness Policy

Purpose:

To set out the EPS' position on employee and organizational wellness.

Statement of Principle:

The health and wellness of EPS employees directly impacts the wellness of EPS as an organization and the services that we provide to the community. In this mutually beneficial relationship, the EPS is committed to providing support services that will ensure employees and their families are able to maintain positive health and wellness.

Policy Statement:

EPS provides numerous support services to EPS members and their families. EPS employees are encouraged to voluntarily seek out support services that help to maintain and restore positive health and wellness.
